I want to take this opportunity to inform all of you about a recent issue that has plagued our NAET[®] community. In the past as well as in the current, we have witnessed a number of individuals who have attempted to use the NAET[®] name and techniques for the purpose of making money.

The most recent example is Francois Munsch, who has studied through my basic course and an advanced courses in Europe. Unfortunately, he recently decided to start giving seminars on something called “Bye Bye Allergies” in the beginning of 2011. I want to make it well known to all of you right now that Mr. Munsch is basically teaching NAET[®] but it just has a different name. I want to make it well known to all of you right now that looking at his current programme/agenda that he is basically using my intellectual property NAET[®]. **Mr Munsch has not my permission to do so. When NAET is not taught/applied correctly it cannot work properly.**

Mr. Munsch has never been authorized by myself, nor anyone associated with NAET[®] / NAR Foundation, to teach seminars on NAET[®] and **cannot call himself an official NAET instructor. He has no rights to teach NAET[®], or NAET[®] Materials, he is in breach.**

Thus, if you are to attend his seminar, you will also be in breach of our NAET[®] / NAR Foundation guidelines and regulations.

We are currently in the process of pursuing legal action in this matter, and soon I shall provide an update on this very sad situation.

For the benefit of all patients worldwide, it is an obligation on behalf of NAET[®] / NAR Foundation to ensure the proper and valid representation of our technique among healthcare professionals.

If any of you have further questions or concerns, please feel free to contact our NAET[®] representative in Europe:
