Did this course meet its STANDARD OBJECTIVES?

Yes, I learned so much! It is helpful since I work in-office with a NAET practitioner (Allison Blakewell) and get to have the training reinforced.

Did the Instructor Demonstrate adequate knowledge about the course subject?

They are extremely knowledgeable!

Did the instructor utilize appropriate teaching methods

Yes, absolutely. Very helpful with the slides that showed the different hand modes, videos that demonstrated so you could watch the flow of the information. The only part that would have been hard to learn from this training is the muscle testing.

Do you feel that you will be able to apply what you have learned from this course to your practice?

Yes, absolutely! I also feel like I can ask Allison or Dr. Nambudripad questions easily.

Would you recommend this course to other licensed medical professionals?

Yes!

Do we have your permission to share your views with other practitioners?

Yes
